## METHODISTS STILL BUSY.

ROUTINE WORK AT THE CONFERENCE. A CONTESTING DELEGATE PROM MONTANA RULED

OUT-GOSSIP ABOUT THE NEW RISHOPS. The Methodist Episcopal Conference in its session the Metropolitan Opera House yesterday devoted the Metropolitan operation of the inself entirely to the accumulated business of the church. The last case of a contested seat—that of John E. Richards, a Montana delegate—was presented, and after an hour's discussion this seat was declared vacant. The contest was in reference to the estabent of Episcopal Districts, to be presided over the Bishops, one for each section quadrennially, the Board of Bishops determines of itself at its ting twice a year the Conferences over which each Bishop shall preside. This measure, which has been lebated in several General Conferences, gives a cerhats section to each Bishop for four years and virtually shes Episcopal Districts in the Church.

The question of the candidacy for Bishops is graduving itself into shape for action by Conferand the friends of the various candidates for office are busy in their efforts to unite the follow for their choice. It is not expected that the ter will come before the Conference before the mid-The Board of Bishops will then asked for its suggestion as to the number of new be asked for its suggestion as to the number of new Bishops which should be selected. As many as ten have been suggested, which would nearly double the Roard. The prevailing opinion now is that more than six will be decided on, and the latest imation is that the Board of Bishops will suggest the election of only three new Pishops. The Confer-suce will, of itself, determine the number, and it is not restricted to the number suggested by the Bishops. an opinion expressed by some of those best informed resterday was that the Conference would not agree elect more than four, with a bare

One appointment ald so to New-York and the vicinity, one to New-England, one to the West and one to the South. The the free list. England, one to the West and one to the South. The fifth appointment, it is suggested, will be no more than the recognition of Bishop Taylor's work, settling the question of his position by indorsing him with the same powers as the other Bishops. Among the hundred candidates mentioned those between whom the deed candidates mentioned those between whom the centest is thought to lie are as follows: In New-York, when the contest is thought to lie are as follows: In New-York, wood screws so as to range from 5 to 14 cents per wood screws so as to range from 5 to 14 cents per limitation. the Rev. Buckley, Editor of "The Christian Advocate," and President Buttz, of Drew Theological Seminary. The Rev. Dr. J. H. Vincent, hose duties are mainly in New-York, represents the Rock River, Ill., Conference, and is spoken of as a Western or Chicago appointment. In New-England the choice is thought to be between the Rev. Dr. Hamfiten, of Boston, Dr. Daniel Domhester and Dr. Oblo's classification may be either West or South or both. It is regarded as certain of securing one of the appointments. Those most prominently mentioned are the Rev. Dr. Earl Cranston, Dr. I. C. Jovee and J. Kynett, of Iowa; Dr. Carter, of Chattanooga; Dr. J. B. Ford, of Arkaneas, and Dr. John P. Newman, of Washngion, will enter the contest with strong independent

GRAND ARMY MEN HAVE A REUNION. Just after adjournment a meeting of the delegates Conference who are members of the Grand Army of the Republic was called in the hall. Ex-Governor Will Cumback, of Indiana, was made chairman, and Dr. S. L. Flood, of the Eric Conference, secretary. The chairman announced that a name the delegates who are Grand Army men had ex-The chairman announced that a number of to call on Mrs. pressed desire her home, and it Grant proposed that those who desired should go in a body a committee be appointed to make arrangements. Henry W. Knight, a member of Grant Post, Brooklyn, said that he had spoken with Mrs. Grant Brooklyn, said that he had spoken with Mrs. Grant and she had said that she would be glad to receive them. A committee consisting of Mr. Knight, the Rev. Dr. G. W. the and General Clinton B. Fish was appointed to make the arrangements. Mr. Knight said that there are a large number of the lay and cierical delegates to the Conference Grand Army men. Among these are the Rev. Dr. Stowe, of Chicago; Dr. Lewis Curtis and W. A. Spencer, of the Rock River Conference; Dr. Earl Cranston, of Cincinnat; Dr. Bovard, of California; T. W. Durston, of Syracuse, and Calvin Pickett.

DETAILS OF THE PROCEEDINGS. The opening exercises of the Conference were appointed to whom should be referred the question of conference district boundaries was adopted. Dr. Leonard, of the Cincinnati Conference, moved the appointment of a Committee on Temperance and Prohibition of the Liquor Traffic. An amendment to strike out the second part of the title was lost, and Dr. Leonard's resolution prevailed, Dr. Buckley expressing the hope that the course adopted toward it in the last General

that the course adopted feward it in the last General Conference would not prevail, when some one promptly moved the previous question and shut off all debate on the subject.

After a long discussion, participated in by Messrs. Kurts, Wheeler, Cumback, Hayliss, Ridpath, Hare and several others, including Eishop Foster, the Conference adopted the amended minority report in the contested seat case of Lay Delegate John E. Richards, of the Montana delegation. The report was signed by five of the seventeen members, and denies the claim of Mr. Richards to a seat in the General Conference.

Dr. Kynett, who felt a draught, arose to say that it might be necessary to organize a third party for the problitition of cold air. His head was warm enough, he said (although he is quite baid), but the cold air came from below, and chilled the feet. Peneral Fisk, in reply, alluded to the largeness of Dr. Kynett's understanding, and the fact that the other delegates felt warm, and suggested that it might be well to vote upon the cold air question by local option. (Laughter.)

Eishop Andrews announced the selection of Bishop walden as chairman of the Committee on Boundaries, and of Dr. T. B. Ford as a member of the Committee on Judicary, in piace of Mr. Hartzell, excused. He also announced the following as the committee authorized on Tyesday to act upon the report concerning church benevolences, two from euch conference district, and four at large: Delegates Mansfield, Cranford, Belt, Persons, Goucher, J. E. Wilson, Cool, Henry, Speacer, Bentley, W. P. Smith, Forbes, Hayes, Hetherington, Horace Reed, Craig, Quartiander, Meyer, La Sound, Cranston; at-large, Delegates Thomas, Fry, Carter and Hartzell.

PRESCRIEED TERRITORY FOR THE BISHOPS.

PRESCRIBED TERRITORY FOR THE BISHOPS.

The only important paper reached on the roll-call was presented by the Central Pennsylvania Confer It is in effect the same resolution that has been urged upon several recent General Conferences It notes the growing feeling among preachers and people in favor of the assignment of the Bishops to escribed territory for a fixed time, and provides for he appointment of a Committee on Episcopal Districts, to be composed of fifteen members, thirteen to be appointed by the several General Conference disand two by the Bishops, such committee to report on or before the 15th inst. upon the advisability of dividing the field into as many Episcopal districts, to be composed, if possible, of contiguous conferences, as there shall be effective Bishops at the close of this General Conference. The Eishops are requested to arrange their work so that each Eishop shall have exclusive charge of one district during the four years from one General Conference to the next, and the resolution further provides that if the proposed change be found to autagonize the third restrictive rule, that rule shall be amended by the committee to legalize the change, which upon compliance with certain specified forms, shall become a law of the Church. Dr. Bristol's motion to lay on the table the resolution for refer this question to a special committee was carried. The remainder of the session was consumed by an apparently interminable debate over a motion that during the rest of the roll-call speeches should be limited to five (subsequently amended to three) minutes, except in cases where resolutions were being put on their passage. A missionary mass meeting was announced at the Opera House to night, at which lishop Warren will preside and addresses will be of dividing the field into as many Episcopal districts, sincounced at the Opera House to-night, at which lishop Warren will preside and addresses will be made by Bishop Taylor, Chaplain McCabe and others. In the afternoon many of the committees were busy in the Opera House and in St. Luke's Church and St. Paul's Church. The Committee of Hinerancy, of which Dr. Buckley is chalman, referred a namber of papers on the "time limit" of the pastorate to a sub-committee. These papers provide that the Bishop of a Conference shall have power to assign a pastor to any one pastorate for a term of five years. Another memorial related to the appointment of presiding elders by the Annual Conferences instead of by the Bishops.

ACTION OF THE DEMOCRATIC CAUCUS.

MANY AMENDMENTS TO THE MILLS TARIFF BILL OFFERED FOR CONSIDERATION.

Washington, May 0 .- The Democratic caucus night called together about 125 members of the House. Speaker Carlisle was not present, but Mr. Randall and many of the New-York and New-Jorsey members were. The proceedings were harmonicu throughout. The caucus only lasted about an hour throughout. Few speeches were delivered, and in none of them was there anything of a threatening character. After a few remarks by Mr. Mills the following resolution was adorted:

Resolved. That any member desiring to offer any amend ment to the Tariff bill shall, if the same be now proposed ment to the Tariff bill shall, if the same be now proposed, hand it to the secretaries of the caucus, to be read and referred to the Damocratic members of the Wars and Means Committee, and if not already prepared, may hand the same to said members. It shall be the duty of said members to consider all such amendments, and if requested, to hear the parties offering the same, and to report the amendments back severally to another caucus to be here-

after held, with their recommendations thereon.

Representative T. J. Campbell suggested that it would be well if the committee should agree not to report upon the amendments before the New-York Democratic Convention is held next week, and to this

suggestion a favorable response was made. Under the terms of the resolution the following amendments, among others, were presented to the

of the Ways and Means Committee: By Mr. CRAIN, of Texas-To place sheap-shearers, surgical instruments, coal and all machinery used in the manufacture of bagging, or of cotton, or wooller goods, on the free list; also, to reduce the tariff or woollen manufactured goods to twenty-five per cent ad valorem; also, to fix the duty at two cents per yard on bagging for cotton or other manufactures suitable to the uses to which cotton bagging is applied, composed in whole or in part of hemp, jute, flax, gunny bags, guernsey cloth, etc.

By Mr. Rogers, of Arkansas (by request)—Fixing the duty on alcohol at 10 per cent ad valorem. By Mr. Glass, of Tennessee-Striking potatoes from

By Mr. Vance, of Connecticut—Changing the duty on wood screws so as to range from 5 to 14 cents per pound, according to size.

Mr. Johnston, of North Carolina—To repeal the Internal Revenue laws and to place a tax on incomes to supply the deficiency.

By Mr. Cummings, of New-York—Fixing the rate of duty on flax, hackled, at \$40 per ton, on yarns of flax and hemp at 40 per cent ad valorem, and on threads and twines at the same rate.

By Mr. Wilkinson, of Louisiana—To change the duty on cotton bagging from 3 to 2 cents per yard.

By Mr. Tracy, of New-Yark—To place nitrate of soda on the free list.

By Mr. McAdoo—Placing carpet wools, coal, salt, goat-hair, timber, building stones, and a number of chemicals on the free list.

By T. J. Campbell, of New-York, placing a duty of 40 per cent on rufflings and ruchings in addition to the rate on the component of chief value.

Mr. Bilss, of New-York, gave notice that he would hand in a number of amendments relative to industries in his district which, he said, perhaps more than any other, was affected by the Mills bill.

On motion of Mr. Mansur, of Missouri, a resolution was adopted instructing the secretaries of the cancus to notify to each and every Democratic member of the House to be present at all times after the consideration of the Tartif bill shall be begun by paragraphs.

THE " PHYSICAL WRECK'S" LITTLE SCHEME The Tribune of Sunday of an attempt on the part of General Black to interfere with the appointment of a clerk by General Wilson, the local pension agent, has created a good deal of comment. It has been sup-posed by many that the information was derived from

embers of the Veterans' Rights Urion, of the District of Columbia. The publication of the story seems have embarrassed Captain C. P. Crandall, of the Union. and in order to relieve him of any embarrassme in future dealings with General Black, it can be stated here in the most positive manner by the correspondent of The Tribune that the information contained in the dispatch was not derived either from him or any member of the Union.

THE BRUSSELS ART EXHIBITION.

Washington, May 9 (Special).—The passage by the House to-day of the Senate bill authorizing the participation of the United States in the projected Art Exhibition to be held in Brussels during the course of the present year was brought about by the persistent efforts of the Belgian Minister and his counseller of legation, seconded by Mr. Belmont and Mr. Russell, of the Foreign Affairs Committee. There is quite a strong colony of American artists and stn dents in Brussels, and the students especially have Conference. Dr. Belt's motion that a committee be been afforded exceptional facilities in that noted art centre of Europe. This point was used with good effect in securing consent from the Speaker and the leaders on both sides of the House for consideration for the bill. Consideration was all that was required to secure its passage.

EAGER BROOKLYN REPUBLICANS. UNUSUALLY LARGE VOTE AT PRIMARIES. WELL-TEMPERED RIVALRY-DELEGATES TO CON

GRESS DISTRICT CONVENTIONS,

A much larger vote than was ever polled befor Republican primary elections in Breatlyn was called out last evening at the choosing of the delegates who are to voice the party sentiment in the selection of delegates to the Chicago National Convention. The primaries were held in each of he twenty-six wards of the city and the four towns of the county outside the city limits. Some of them opened in the afternoon and all closed under the State law at 9 p. m. mest of the wards there were rival Republican tickets in the interest of different candidates for the flonor of going to Chicago to represent Kings County, b the contests were all conducted in the most frien spirit and only served to call out the voters in large numbers. The chief contests were in the Sevent Seventeenth, Nineteenth and Twenty-fifth Wards, and voters were taken to the politing places in serriages at the expense of the rival candidates.

Two sets of delegates were elected at each primary one for the four Congress District Convent to meet to-night for the purpose of choosing the eight Kings County representatives in the National Con-vention; and the other to twelve Assembly District Conventions to meet to-morrow night to select the sixty-six delegates to the State Convenion at Buffalo next week. In the First Ward there was no opposition to the ticket in favor of Supervisor T. B. Willis as one of the delegates to Chicago from the IVth Congress District, and the friends of M. J. Dady, who likely to be his associate, carried the Third and Pourth Wards. In the HIId District there was no organized opposition to the ticket in favor of Jesse Johnson as one of the delegates to Chicago in the Twentieth Ward, where he lives . The contest in the Seventh Ward was upon local matters and had bearing on the chelce of National Delegates. But in the Nineteenth Ward one of the hottest con-

tests ever seen at a primary took place between the friends of William C. Bryant and W. J. Taylor, each of whom aspired to go with Mr. Johnson to Chicago The indications at a late hour were that the former had won. In the Hd District the result of the pri maries showed that probably T. L. Woodruff, of the Twenty-second Ward, and Granville W. Harmon, of the Twenty-fifth Ward, will go to Chicago, although the friends of Charities Commissioner W. H. Ray, say that he will go in place of Mr. Harmon. The results in the wards comprised in the Vth District indicate that Senator Worth and Dr. Louis E. Nicot will be the repsenator worth and Dr. Louis E. Nicot will be the reresentatives at the National Convention. There we
only minor contests among the Assembly Distridelegates caused by local strife for the konor of gold
to the State Convention. H. C. Duval, private seer
tary to Mr. Depew, said last evening that he had bedesire to go to the Buffale Convention from the Le
Assembly District, but his friends say they will sen
him.

The four Congressional District, in the Twenty-fourth to night as follows: Hd District, in the Twenty-fourth Ward Wigwam, at Dean-st, and Albany-ave., John B. Green to preside; Hild District, in the Twenty-third Ward Wigwam, at Gates and Marcy aves. William Kramer & preside; Ivih District, in Everett Hall, at Pulion-st, and Gallatin place, S. A. Avilla to preside; Vth District, in Turn Hall, in Meserole-st., F. F. Williams to preside.

GEORGIA DEMOCRATS FOR FREE TRADE. Atlanta, May 9.-The Georgia Democratic Conven tion assembled here at noon to-day and elected Hole Smith chairman. The convention was enthusiastic over President Cleveland's tariff reform message, and those who held different views concerning the tariff were promptly overruled. Senator Colquitt is here taking an active part in the proceedings. Patrick Walsh, a tariff, the present representative of the State in the National Democratic Committee, was defeated for delegate-at-large to the St. Louis Convention Delegates-at-large are Pope Barrow, F. G. Dubignon. Albert Cox and Washington Dessau. Each of the ten districts chose two delegates, and the issue was made squarely on the tariff. Every delegate chosen is for the Mills Mil. The platform adopted when first read, realitmed the National Platforms of '76, '80 and '84; but this was stricken out, and in its place was substituted an indorsement of the President's position on the tariff.

MARYLAND REPUBLICANS FAVOR BLAINE. Raltimore, May 9 (Special).—The results of the six Republican District Conventions to-day are eight delegates for Blaine for first choice, two for Sherman and two uncertain. The Republicans in Baltimore City have had a stormy time. The primary elections which rore not legalized were much worse than usual. In the Legislative District Conventions last night there was a split in every meeting. To-day in the Congressional District Convention there was more trouble. erx of the eighty-one delegates in the Hild District Convention withdrew and elected D. Pinckney West Convention witherew and elected D. Finestacy and John A. McCafferty, who are sherman men, delegates to Chicago, but it is not at all likely that they will make a contest in the National Convention. The delegates regularly elected, W. W. Johnson and William F. Airey, are strong Blaine men. In the IVth District the convention got through its contests safely and elected J. Reese Fitcher, who is for Blaine, and Wesley M. Oler, who leans toward Sherman. The sentiment M. Oler, who leans toward Sherman. The of the State is largely in favor of Mr. Blains

THE OPPOSITION TO GENERAL MAHONE. Richmond, Va., May 9 (Special). - John S. Wise, who is the leader of the opposition to Mahone's plan of managing the Republican party said to-day that he thought his plan had about 200 delegates in the coming State Convention, which will be composed of 700 delegates. Therefore be has no hope of defeating General Mahone, but will make lively protest for future effect in Virginia politics.

tion, masonry, paving, iron and sewer-pipe, flagging, stone, etc. There were five bids in all, and their totals were as follows:

O'Erien & Clark \$1,030,215 00 Matthew Baird, \$1,040,825 09 William E. Dean 1,053,232 25 M. S. Coleman Miles Tierney... 1,803,545 00 & Co............ 1,155,295 00 At the last bidding, in Marck, William E. Dean was the lowest bidder. His present bid is \$52,824 more than his former bid for the same work, while O'Brien & Clark's bid is \$22,153 less than their March bid The chief engineer was directed to tabulate the bids and compare them with his estimates, and submit his report to the Board on May 15.

President Spencer's report on the defective work bund in the Aqueduct was then submitted. It gives in detail all the facts and circumstances, as well as the action of the Board, which relate to the defective work. It indicates throughout a desire and purpose on the part of the Commission that the investigation d be complete.

THE TROUBLE BEGAN MONTHS AGO.

Mr. Spencer shows that before January last there were troubles and disputes between the Commission's engineers and the executive force of Brown, Howar will indorse President Cleveland, P. M. Meldon, of Rut-land, will be made president of the convention. The slate is as follows:
For Governor, S. C. Shurieff, of Montpelier. Lieutenant-Governor, T. C. O'Sullivan, of Burlington. State Treasurer, H. E. Folsom, of Lyndonville. Delegates at large, W. H. H. Bingham, of Stews: Dr. J. H. Harpahan, of Rutland: Capitain Thomas H. Chubbs, of Peat's Mills: John H. Center, of Montpelier. District delegates: Dr. A. P. Grinnell, of Burling-ton: T. E. Hall, of Pownall: Alexander Cockran, of Ryesate and M. H. Goddard, of Ludlow. The delegation will be solid for Cleveland in the St. Louis Convention. & Ca.; in regard to the work of Section 2. On the receipt of two reports by the Committee on Construction from Chief Engineer Church, which charged that Mr. McBean and other representatives of the contractors, had disobeyed the orders of the enrincers and alowed unantisfactory work to be done, resolution were adopted (January 9) approving the witholding of \$30,000 from Brown, Howard & Co. until the evils complained of should be corrected, and assurance given that the orders of the engineers should be complied with in the future. On January 10 the contractors informed Engineer

Gowen that it was impossible to do work under him, and appealed to the Commission. The trouble began about the concrete laid in Shaft 4 of Section 2. The Commission sustained the engineers in condemning it, and ordered an investigation of the entire work of the contractors. Then began the extended investigation which is now well known to the public and which continued until March 19, when Chief Engineer Church is attempting to do it. The track, which was full of submitted the testimony taken with his 'report, cripples when the second day closed, now shows some charging Brown, Howard & Co. with executing their is attempting to do it. The track, which was full of contract in bad faith, and urging that strong action be taken. The Commission sumonfied the contractglorying in having bested Littlewood, the "champion ors before them, and after much consultation be tween the Commission and the chief engineer on the one hand and Wheeler H. Peckham, the counsel for Brown, Howard & Co. on the other, the firm's promise to make good the defective work at its own expense was accepted, to be carried on under the direction of the chief engineer. The Corporation

Additional regulations providing for a thorough and continuous inspection of the brickwork and masonary of the tunnel were adopted, and the contractors pu on a full force for the work of correcting the defects discovered and showed a seemingly honest desire to make it fully satisafetory. Mr. Church reported on April 30 that the methods adopted met his approval. In the meantime, in addition to the 10 per cent

retained of Brown, Howard & Co.'s estimates, ing to \$700,000, there had also been withheld the sum of about \$425,000, money due the firm. Genera Samuel Thomas, of the firm, appeared on May 4 and expressed it as the wish of Brown, Howard & Co., that no payments whatever be made to them until the proper authorities were satisfied that the work done under their contract had been fully, strictly and hopestly fulfilled. honestly fulfilled

A REPORT FROM CHIEF ENGINEER CHURCH. President Spencer attaches to his statement a long report from Chief Engineer Church, of yesterday, which was called for April 25, regarding the work. After referring to the thirty miles of Aque-duct from Croton Lake to One-hundred-and-thirty-fith-st., mostly in tunnel and divided into fifteen sections and let to six different firms of contractors Mr. Church details the manner in which the work of Brown, Howard & Co. was slighted, reports of which began to be received early last October. Work was constantly being condemned and torn down, but on account of the general bad character of this rubble masonry, it was suspected that a large amount of work must be bad. About 550 holes have been cut through the brick and rubble masonry, and about eighty per cont of them have shown bad work. The Chief Engineer presents a schedule showing that the actual sum withheid from Brown, Howard & Co. on their contracts abounds to \$1.041.614 41, amply sufficient, he thinks, to protect the city against all loss.

An examination of the whole line of the Aqueduct has been started, and some holes have been cut on Division 3 and 4, and will soon be cut on Division 2. Ontside of Brown, Howard & Co's contracts, the amount of bad work discovered has been small, less than \$5,000 in value, and where any bad work has been found there has been an carnest effort to repair it immediately. Mr. Church details the manner in which the work of

and myself, permit me to state that this arrest was an unwarrantable outrage in every respect, as I have been advised by my counsel, Courtlandt Parker, one of the ablest lawyers of New Jersey, and steps have immediately.

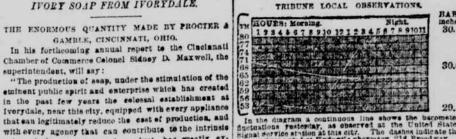

Mr. Spencer says that the foregoing embraces all the principal facts concerning defective work known

contracts.

An additional extension of six months was granted to Brown, Howard & Co., O'Brien & Clark, and Heman Clark, in which to complete their contracts, providing these contractors shall, within ten days, give bonds for the performance of the same. mistake of putting Philip Embury's house, where he preached the first Methodist sermon in this city, in Park

Girard (III.) dispatch to The Springfield Register.

This afternoon about 6 o'clock Professor Price had his mammoth builson inflated to make a "dummy parachule jump," and affer he had put in the oil and halloed, "Let her go," it was found that a young had about nineteen years of age had been cled by the leg with the "guy" rope he had been helding—by the left leg. There were about four hundred citizens on the streets taking in the sights, and great was the excitement when it was found the boy was tied fast. The balloon want up about forty feet and lit on the top of F. G. Story's restaurant and ild about \$40 worth of damage by dragging a bag of 150 pounds of sand over the roof and knocking off a chimner. Professor Price had just finished a fine and costiy parachute and thought he would test it before starting on the road to make some of the most dartus leaps over recorded. The professor has about afteen dates contracted for in the coming month, but his misfortune this afternoon will cause him about a week's delay. Great effort is being made to find out the villain who tied the rope to the young man's leg. Dodgon landed on the ground safely, though badly search. the principal facts concerning defective work known to the Commissioners or its engineers up to May I. The examination, however, is being pursued in a most thorough manner with every means known to engineering skill, and the actual condition of every portion of the conduit from Croton Lake to the Harlem River will soon be known. Within a fortnight or three weeks, Mr. Spencer estimates, every portion of the work will be completed in accordance with the contracts.
